Dear Mr. Yoshikatsu Shizuoka,

Subject: Gratitude for medical support mission of Japan Junior Chamber Inc.
To Kampong Chnang Province, Cambodia

On behalf of the Ministry of Health of the Kingdom of Cambodia and myself, I would like to thank you and your organization for the medical mission team of Japan Junior Chamber inc. that has provided medical supports for pupil's health at Mitapheap Primary school in Commune Svay Chuk, Kampong Tralach District Kampong Chnang Province on 4th May 2007.

The medical mission is indeed very fruitful and supportive for the Cambodian children's health as it contributes a lot to improving health of Cambodian Children and Cambodian People as the whole. The consultation, health check up, child growth monitoring measurement, first aid medical supply and health education provided are the needing health outreach activities because they are complementary to the health services provision delivering by the Cambodian Public Health facilities that are in progress of development and quality enhancement with both the efforts of the Royal Government of Cambodian and its health partners.

Again, on behalf of the Ministry of Health and Cambodian people, I would like to take this opportunity renew our sincere thanks for assistance made so far and hope that Japan Junior Chamber Inc. will continue to support for the health development for the benefits of Cambodian people especially the vulnerable group.

Sincerely yours, 

Prof. HEM CHHIN
UNDER SECRETARY OF STATE
